University of California, Riverside, School of Medicine

Institutional Policy

PROGRAM REDUCTION/CLOSURE

In the event of reduction or closure of a residency program, the Designated Institutional Official of UCR SOM will make every effort to inform program directors and residents as soon as possible and to allow the residents already in the program to complete their training. Reductions will be made first from the number of incoming residents. In the event that financial exigency requires a program to be closed, the residents will be assisted in identifying and entering a program in which they can continue their education.

This policy was approved by the Graduate Medical Education Committee on Jan 12, 2011.

Mahendr S. Kochar, MD, MACP
Associate Dean, Graduate Medical Education
Designated Institutional Official
